The Race to 270 Daron R. Shaw, 2008-09-15 The Electoral College has played an important role in presidential politics since our nation's founding, but surprisingly little information exists about precisely how it affects campaign strategy. Daron R. Shaw, a scholar who also worked as a strategist in both Bush-Cheney campaigns, has written the first book to go inside the past two presidential elections and reveal how the race to 270 was won—and lost. Shaw's nonpartisan study lays out how both the Democrats and the Republicans developed strategies to win decisive electoral votes by targeting specific states and media markets. Drawing on his own experience with Republican battle plans, candidate schedules, and advertising purchases—plus key contacts in the Gore and Kerry camps—Shaw goes on to show that both sides used information on weekly shifts in candidate support to reallocate media buys and schedule appearances. Most importantly, he uses strikingly original research to prove that these carefully constructed plans significantly affected voters' preferences and opinions—not in huge numbers, but enough to shift critical votes in key battlegrounds. Bridging the gap between those who study campaigns and those who conduct them, *The Race to 270* will provide political scientists and practitioners alike with fresh insights about the new strategies that stem from one of our oldest institutions.

270 EAST Dave Edgerton, 2014-05-21 *270 EAST* is a work of fiction inspired by real events, the story of a young woman's wrongful conviction for murder and the efforts of a retired Federal Agent to exonerate and free her. Ray Webb was a career Foreign Service Officer, Chief Criminal Investigator for the Western Hemisphere with the Inspector General's Office of the U.S. Agency for International Development. When Ray retires, he and his wife, Melinda, come home to rural Southeast Oklahoma. The peaceful, orderly small town where they grew up is sadly changed, its stability threatened by the methamphetamine drug trade. Ray, a deeply religious man, becomes lay pastor of a little church across the street from the courthouse, the Sheriff's Office, and the county jail. He begins to suspect that police corruption and prosecutorial misconduct have resulted in a young woman being sentenced to life in prison for a terrible crime she did not commit. Ray's close, prosperous family worries that his efforts to right this apparent wrong are becoming obsessive. Melinda, and Kenny, Ray's politically well-connected brother, both think that Ray's stubborn determination to help this young woman arises from his failures as a father to his own troubled daughter. Ray himself believes he is acting in obedience to God's will. Whatever his motives, Ray finds himself increasingly involved in a dangerous and ambiguous case, with criminal informants, drug-addled witnesses, a defendant who is her own worst enemy, and a local law enforcement establishment that seems determined to thwart his efforts to learn the truth.
