**Human Resource Management in Olympic Sport Organisations** P. Chelladurai, Alberto Madella, 2006 Human Resource Management in Olympic Sport Organisations provides a thorough explanation of human resource issues that Olympic sport organizations (OSOs) face, and it offers guidelines for resolving those issues. It also gives sport managers tools for analyzing how to maintain and improve their organizational structures. The book is the third volume in the Executive Masters in Sports Organisation Management (MEMOS) program, which aims to improve management of sport organizations and provide a higher level of training for sport managers. The text presents a complete set of management issues in the Olympic movement that will help readers better understand the ambitious goals of this dynamic global entity. Human Resource Management in Olympic Sport Organisations provides Olympic sport managers with the information they need to understand the unique human resource considerations of OSOs, where a variety of constituents, including organizers, athletes, volunteers, and professional workers, play vital roles. After reading this book, managers will feel comfortable with inevitable change and diversity within organizations and be better prepared to make strategic decisions that benefit their Olympic sport organizations.
