Joshua Medcalf

The Poisonwood Bible Barbara

Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." -Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions

forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

A Little History of the World E. H.

Gombrich, 2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Rules for Radicals Saul Alinsky, 2010-06-30 "This country's leading hell-raiser (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." First published in 1971

and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

From Pentecost to Patmos Craig L. Blomberg, 2006
A companion to Jesus and the Gospels, Blomberg's ECPA Gold Medallion winner, *From Pentecost to Patmos* introduces serious Bible students to the depths of information found in Acts through Revelation.

David and Goliath Malcolm Gladwell, 2013-10-03
Why do underdogs succeed so much more than we expect? How do the weak outsmart the strong? In *David and Goliath* Malcolm Gladwell, no.1 bestselling author of *The Tipping Point*, *Blink*, *Outliers* and *What the Dog Saw*, takes us on a scintillating and surprising journey through the hidden dynamics that shape the balance of power between the small and the mighty. From the conflicts in Northern Ireland, through the tactics of civil rights leaders and the problem of privilege, Gladwell demonstrates how we misunderstand the true meaning of advantage and disadvantage. When does a traumatic childhood work in someone's favour? How can a disability leave someone better off? And do you really want your child to go to the best school he or she can get into? *David and Goliath* draws on the stories of remarkable underdogs, history, science, psychology and on Malcolm Gladwell's unparalleled ability to make the connections others miss. It's a brilliant, illuminating book that overturns conventional thinking about power and advantage. 'A global phenomenon... there is, it seems, no subject over which he cannot scatter some magic

dust' Observer

**Ten of the Largest Church Ministries
Aggressively Touching the World** Elmer

Towns, 2020-01-21 We have the greatest gospel to offer to people, but most churches don't know how to deliver it to the public. -- Chris Hodges

Wisdom from Some of the Greatest Church Leaders of our Time

Ten of the Largest Church Ministries Aggressively Touching the World is about the innovative ways these leaders plant churches, and the unique strategies they utilize to teach and disciple their people. It also explores the multifaceted methods they use to reach people for Jesus. Ten methods are examined, including marketing techniques, powerful worship, and Scripture translation. These methods are based on eternal Biblical principles that never change, even when culture changes. This is your invitation to harvest wisdom and insight from some of the most respected, cutting-edge, and unique church leaders alive today! These methods will transform your own ministry for greater Kingdom effectiveness. The great faith of men and women challenge you to gain understanding of the principles to grow your faith to accomplish the impossible. May the testimonies and stories in this book challenge your faith to do something revolutionary in your life and for the Kingdom of God!

Scale E. Summerson Carr, Michael Lempert, 2016-08-18 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program for monographs. Visit www.luminosoa.org to learn more. Wherever we turn, we see diverse things scaled for us, from cities to economies, from history to love. We know scale by many names and through many familiar antinomies: local and global, micro and macro events to name a few. Even the most critical among us often proceed with our

analysis as if such scales were the ready-made platforms of social life, rather than asking how, why, and to what effect are scalar distinctions forged in the first place. How do scalar distinctions help actors and analysts alike make sense of and navigate their social worlds? What do these distinctions reveal and what do they conceal? How are scales construed and what effects do they have on the way those who abide by them think and act? This pathbreaking volume attends to the practical labor of scale-making and the communicative practices this labor requires. From an ethnographic perspective, the authors demonstrate that scale is practice and process before it becomes product, whether in the work of projecting the commons, claiming access to the big picture, or scaling the seriousness of a crime.

Pound the Stone Joshua Medcalf, 2017-05-02

There's a secret to mastery that you may have never heard, a single little thing that only the very best in the world know how to do. In fact, I believe it is the only thing anyone can do to gain true mastery at anything, and it's an equal opportunity principle. It can be applied to fulfill your potential in business, in sports, in your relationships, as well as your overall life. Do you want to know what it is? In the crowd, Jason leaned forward, laser focused. Kicked off his basketball team after a season-ending fight, his only chance to play ball again was to sell enough books door-to-door over the summer to get back on the team. He never needed wisdom like he needed it now. But little did he know that the answer he was seeking was about to change his life forever... *Pound The Stone* is the intense and inspiring story of a young man's journey through the obstacles, defeats, and eventual victories that come while developing grit on the path to mastery. Told in the same engaging fable style as *Chop Wood Carry Water*, this is a deeper dive into

the timeless principles that guide and inspire anyone who seeks greatness in life, and covers everything from true success, to the perfection trap, the value of failure, why courage is contagious, and why vulnerability can save your life. Pound The Stone will move you, inspire you, and hopefully encourage you to choose love and courage over fear and shame.

Brand Fans Aaron C.T. Smith, Constantino Stavros, Kate Westberg, 2017-01-20 Combining the latest branding research with a diverse range of powerful case examples, this book reveals the cutting edge techniques of value co-creation, personalisation and customer engagement employed by sport's leading brands. Based on the transferable lessons that emanate from these practices, Brand Fans explores and illuminates how firms can cultivate connected fans and lifelong advocates, while building brand equity exponentially in the process. This is a book that will appeal to scholars and practitioners alike, as well as anyone fascinated by modern marketing, consumer relationships and branding.

South Africa's World Cup Eddie Cottle, 2011 This groundbreaking book provides a critically informed analysis of the impact and legacy of mega-sporting events through the lens of South Africa's 2010 FIFA Soccer World Cup and its associated developmental paradigm. It challenges mainstream thinking and mega-event praise singers by providing concrete evidence to show that this sporting spectacular was little more than a front for massive accumulation and extraction of wealth, alongside increased sporting and socio-economic inequality. Contributors to this volume examine the sports accumulation-complex, economic promises, construction companies, trade unions, strikes, international solidarity, the struggle to trade, sex work, climate change, as well as case studies on the building of individual soccer

stadiums. Eddie Cottle is the regional policy and campaign officer of the Building and Wood Workers' international (BWI) for Africa and the Middle East. This is a timely reminder that the 2010 World Cup nation-building illusion in fact disguised a reality of greed, elite enrichment and nepotism - and left us with a terrible financial hangover.' Terry Bell, columnist at Independent Newspapers, Business Report, and independent economic/labour analyst Book jacket.

Verbal Advantage Charles Harrington Elster, 2009-02-04 First time in book form! A successful program for teaching 3,500 vocabulary words that successful people need to know, based on America's #1 bestselling audio vocabulary series. People judge you by the words you use. Millions of Americans know this phrase from radio and print advertising for the Verbal Advantage audio series, which has sold over 100,000 copies. Now this bestselling information is available for the first time in book form, in an easy-to-follow, graduated vocabulary building program that teaches an outstanding vocabulary in just ten steps. Unlike other vocabulary books, Verbal Advantage provides a complete learning experience, with clear explanations of meanings, word histories, usages, pronunciation, and more. Far more than a cram session for a standardized test, the book is designed as a lifetime vocabulary builder, teaching a vocabulary shared by only the top percentage of Americans, with a proven method that helps the knowledge last. A 10-step vocabulary program teaches 500 key words and 3,000 synonyms. Lively, accessible writing from an expert author and radio personality. From the Trade Paperback edition.

Lumumba: the Last Fifty Days G. Heinz, H. Donnay, 1970

Brands of Faith Mara Einstein, 2007-09-14 In a society overrun by commercial clutter, religion

has become yet another product sold in the consumer marketplace, and faiths of all kinds must compete with a myriad of more entertaining and more convenient leisure activities. Brands of Faith argues that in order to compete effectively faiths have had to become brands - easily recognizable symbols and spokespeople with whom religious prospects can make immediate connections. Mara Einstein shows how religious branding has expanded over the past twenty years to create a blended world of commerce and faith where the sacred becomes secular and the secular sacred. In a series of fascinating case studies of faith brands, she explores the significance of branded church courses, such as Alpha and The Purpose Driven Life, mega-churches, and the popularity of the televangelist Joel Olsteen and television presenter Oprah Winfrey, as well as the rise of Kaballah. She asks what the consequences of this religious marketing will be, and outlines the possible results of religious commercialism - good and bad. Repackaging religion - updating music, creating teen-targeted bibles - is justifiable and necessary. However, when the content becomes obscured, religion may lose its unique selling proposition - the very ability to raise us above the market.

Sports Geography John Bale, 2003 In this fully revised and updated edition of his classic, discipline-defining text, John Bale comprehensively explores the relationships between sport, place, location and landscape.

Witness to Hope George Weigel, 2009-10-13
INTERNATIONAL BESTSELLER A remarkable book. Weigel's biography is likely to remain the standard one-volume reference on John Paul II for many years to come. - Pittsburgh Post-Gazette
"Fascinating. . . sheds light on the history of the twentieth century for everyone." -New York Times Book Review The definitive biography of Pope

John Paul II that explores how influential he was on the world stage and in some of the most historic events of the twentieth century that can still be felt today. Witness to Hope is the authoritative biography of one of the singular figures—some might argue the singular figure—of our time. With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of Witness to Hope explains how this “man from a far country” did all of that, and much more—and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

The Global Football League P.

Millward, 2011-10-12 This book tackles issues of globalization in the English Premier League and unpicks what this means to fan groups around the world, drawing upon a range of sociological theories to tell the story of the local and global repertoires of action emanating from the popular protests at Liverpool and Manchester United football clubs.

Pound the Stone Training Manual Joshua Medcalf, 2017-05-17 This training manual goes

chapter by chapter through the book, Pound The Stone, and has reflection and discussion questions to help the reader go even deeper with the material. The manual was designed to be worked through by individuals and then ideally discussed in small groups. However, if an individual went through the training manual by themselves it should still be a valuable experience. There is space after each question to reflect and write answers.

The Chinatown Death Cloud Peril Paul Malmont, 2007-06-05 Set in the colorful world of the 1930s and peopled with writers H.P. Lovecraft, L. Ron Hubbard, Lester Dent, and Walter Gibson, this swashbuckling literary thriller propels the characters into a genuine pulp adventure in which they try to thwart a madman intent on creating a new global empire.

Life After Life Kate Atkinson, 2013-04-02 What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original: this is Kate Atkinson at her absolute best.

Going Deeper with the Holy Spirit Benny Hinn, 2005-07-01 Pastor Benny Hinn delights in teaching about the Holy Spirit and sharing the profound effect this dearest of all relationships on earth has on his life. He has written

extensively about the Holy Spirit in his worldwide bestsellers *Good Morning, Holy Spirit* and *Welcome, Holy Spirit*, which have been translated into languages around the globe. Now, in his newly expanded book, *Going Deeper with the Holy Spirit*, Benny Hinn shares intimate and seasoned insights, based on his personal study and 30 years of ministry, of how you can enter a new and glorious relationship with the Helper and Comforter. You will discover: - The Person of the Holy Spirit - The Names of the Holy Spirit - The Work of the Holy Spirit - Learning to Cooperate with the Holy Spirit
