Always Only You Chloe Liese,2023-12-12 The TikTok sensation, now with new exclusive content! It's an office romance on the ice rink in this heart melting story about love's power not in spite of difference but because of it. Ren has known Frankie Zeferino was a woman worth waiting for since the moment they met. She's a master of deadpan delivery, has a secret heart of gold, and a rare one-dimpled smile that makes his knees go weak. But as long as Frankie's the team's social media manager, she's off limits. Frankie is a self-admittedly blunt, grumbly grump, but even she isn't immune to sunshiney Ren Bergman. Who could be, when he's a six-foot-three hunk of happy with a hockey player's physique? Maybe in the past, Frankie would have gone for a guy like him, but since being burned too many times by people who learn about her diagnoses and see a problem, not a person, she's wised up. After waiting years for the right time to make his move, Ren learns Frankie plans to leave the team to pursue a new career. But what he didn't anticipate is how hard he'll have to work to convince her to let him have his shot at winning her heart.

How to Draw Manga Ryo Katagiri,Yukio Onishi (Manga artist),Hiroyuki Sengoku,2019 You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for over 20 years. How to Draw Manga: Basics and Beyond! is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you how to draw bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how

to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!--Amazon.
