Transformers James Roberts, 2017 Five years previously, Rodimus and a collection of traumatised, lovelorn and/or sarcastic Autobots set off on a quest to find Cyberutopia. So far, they've made a right hash of it. They've misplaced their map. They've lost their ship, the Lost Light, to a mutinous escapologist. Oh, and they're dead--]cBack cover.

**Time Wars** Simon Furman, Dan Reed, Lee Sullivan, Andrew Wildman, 2003 The fabric of space and time itself is in turmoil, disrupted and torn by time anomalies resulting from Galvatron's dabbling with past and future. Transformers from two eras collide in an attempt to save the entire universe, pitted against two halves of the same whole - Megatron and Galvatron.

*Transformers: Exodus* Alex Irvine, 2014-06-11 For twenty-five years the colossal battle between Megatron and Optimus Prime has captivated Transformers fans around the world. Yet the full story of the conflict between the two most famous Transformers—everything that happened before Optimus and Megatron arrived on planet Earth—has always been a mystery . . . until now. Here, for the first time told in its entirety, is the thrilling saga of Optimus and Megatron before they were enemies, before they even knew each other. “Freedom is every Cybertronian’s right!” After Megatron utters these immortal words, the caste-bound planet of Cybertron is rocked to its foundations. Megatron, an undefeated gladiator thug, gives voice to the unspoken longings of the oppressed masses—and opens the mind of an insignificant data clerk to possibilities previously unthinkable. Long before becoming the honorable Optimus Prime, Orion Pax is a mere office underling, an unlikely candidate to answer an outlaw’s call to revolution. But Orion is determined to meet this defiant enemy of all that

Cybertron stands for, no matter what he has to do, or how many laws he has to break. What happens between Orion Pax and Megatron forever changes the destiny of all Transformers. This gripping, action-packed novel reveals all the loyalties and treacheries, trust and betrayals, deadly violence and shining ideals, as well as the pivotal roles played by other characters, including Starscream, Sentinel Prime, Omega Supreme, and one of the thirteen original Primes, the last link to Cybertron's glorious Golden Age. Discover how meek disciple Orion Pax becomes the fearless leader Optimus Prime; follow the tantalizing clues about the lost Matrix of Leadership and the lore surrounding it; find out why the two allies fighting a corrupt regime suddenly turn on each other, and what triggers their epic war. Transformers: Exodus provides everything fans ever wanted to know about one of the fiercest rivalries of all time.

*Megatron Returns* Andrew Donkin, 2005 Alpha-Q hopes that by bringing Megatron back to life, he will have an ally in his effort to reawaken the evil Unicron, but Megatron has plans of his own and will let nothing stand in his way.

*Goodbye Otherworld, See You Tomorrow: Volume 1* Kazamidori, 2021-12-10 The world he woke up in is long dead, dusted in ashen powder, and yet Keisuke still sees splashes of color as he travels through it. For the longest time, he's wandered alone across the deserted landscape, clinging to the hope that something—or someone—might be out there in the emptiness. When he finally stumbles across that someone, even more threads of color start to seep into the ashen world around them. This time, when Keisuke sets off down the road, someone sits beside him in the passenger seat. The first acquaintance he's ever made here, his first companion in this barren world. They're both traveling in search of something, and after

searching alone for so long, maybe they'll have better luck working together? Their only lead is a witch who can answer any question—for a price. What will the two ask her, and what will she be able to tell them? More importantly, what will it cost them, and will they be willing to pay the price?

*Cosmoknights* Hannah Templer, 2019-10-23 Pan's life used to be very small. Work in her dad's body shop, sneak out with her friend Tara to go dancing, and watch the skies for freighter ships. It didn't even matter that Tara was a princess... until one day it very much did matter, and Pan had to say goodbye forever. Years later, when a charismatic pair of off-world gladiators show up on her doorstep, she finds that life might not be as small as she thought. On the run and off the galactic grid, Pan discovers the astonishing secrets of her neo-medieval world... and the intoxicating possibility of burning it all down.

*The Battle Begins* Vivian Porter, 2023-07-21 Enter the world of Holly Well Springs... where the Christmas spirit lives on. Amid the fierce battle for the future of Holly Well Springs, a new romance is beginning to bloom. Belle, a lively, fun-loving photographer from Texas, has headed back to Holly Well Springs for her best friend Hannah's wedding. But this time, her reason for showing up out of nowhere has nothing to do with the town that celebrates Christmas all year long. Jesse, the lawyer grandson of Holly Well Springs's resident Santa Claus, Kris, hasn't been home in years. But the mysterious Astext Construction Company is threatening the town and is poised to

change everything about Holly Well Springs, so he's back and ready to defend the place he loves. Things are tricky enough with Jesse's father defending the other side of the lawsuit, but Jesse just can't get his mind off the spunky brunette from Texas, the first woman to truly catch his eye. Belle and Jesse weren't looking for romance, but will they find the love of their lifetimes in Holly Well Springs? Or will the secret threat from Texas and the new, terrifying danger from the magic realm destroy their future before it even begins?
