Kazamidori

Transformers James Roberts, 2017 Five years previously, Rodimus and a collection of traumatised, lovelorn and/or sarcastic Autobots set off on a quest to find Cyberutopia. So far, they've made a right hash of it. They've misplaced their map. They've lost their ship, the Lost Light, to a mutinous escapist. Oh, and they're dead--]cBack cover.

Transformers: Exodus Alex Irvine, 2014-06-11 For twenty-five years the colossal battle between Megatron and Optimus Prime has captivated Transformers fans around the world. Yet the full story of the conflict between the two most famous Transformers—everything that happened before Optimus and Megatron arrived on planet Earth—has always been a mystery . . . until now. Here, for the first time told in its entirety, is the thrilling saga of Optimus and Megatron before they were enemies, before they even knew each other. “Freedom is every Cybertronian’s right!” After Megatron utters these immortal words, the caste-bound planet of Cybertron is rocked to its foundations. Megatron, an undefeated gladiator thug, gives voice to the unspoken longings of the oppressed masses—and opens the mind of an insignificant data clerk to possibilities previously unthinkable. Long before becoming the honorable Optimus Prime, Orion Pax is a mere office underling, an unlikely candidate to answer an outlaw’s call to revolution. But Orion is determined to meet this defiant enemy of all that Cybertron stands for, no matter what he has to do, or how many laws he has to break. What happens between Orion Pax and Megatron forever changes the destiny of all Transformers. This gripping, action-packed novel reveals all the loyalties and treacheries, trust and betrayals, deadly violence and shining ideals, as well as the pivotal roles played by other characters, including Starscream, Sentinel Prime, Omega Supreme, and one of the thirteen original Primes, the last link to Cybertron’s glorious Golden Age. Discover how meek disciple Orion Pax becomes the fearless leader Optimus Prime; follow the

tantalizing clues about the lost Matrix of Leadership and the lore surrounding it; find out why the two allies fighting a corrupt regime suddenly turn on each other, and what triggers their epic war. Transformers: Exodus provides everything fans ever wanted to know about one of the fiercest rivalries of all time.

Megatron Returns Andrew Donkin,2005 Alpha-Q hopes that by bringing Megatron back to life, he will have an ally in his effort to reawaken the evil Unicron, but Megatron has plans of his own and will let nothing stand in his way.

Time Wars Simon Furman,Dan Reed,Lee Sullivan,Andrew Wildman,2003 The fabric of space and time itself is in turmoil, disrupted and torn by time anomalies resulting from Galvatron's dabbling with past and future. Transformers from two eras collide in an attempt to save the entire universe, pitted against two halves of the same whole - Megatron and Galvatron.

Goodbye Otherworld, See You Tomorrow: Volume 1 Kazamidori,2021-12-10 The world he woke up in is long dead, dusted in ashen powder, and yet Keisuke still sees splashes of color as he travels through it. For the longest time, he's wandered alone across the deserted landscape, clinging to the hope that something—or someone—might be out there in the emptiness. When he finally stumbles across that someone, even more threads of color start to seep into the ashen world around them. This time, when Keisuke sets off down the road, someone sits beside him in the passenger seat. The first acquaintance he's ever made here, his first companion in this barren world. They're both traveling in search of something, and after searching alone for so long, maybe they'll have better luck working together? Their only lead is a witch who can answer any question—for a price. What will the two ask her, and what will she be able to tell them? More importantly, what will it cost them, and will they be willing to pay the price?

Transformers Vault Pablo Hidalgo,2011-06-01 Presents an illustrated look at the history of the Transformers brand, beginning with the Hasbro toys and moving on to consider the comic books, television shows, video games, merchandise, and films that they inspired.

The Transformers Simon Furman,2008 Galvatron travels back in time to construct a weapon with which to destroy Unicron once and for all, and takes on the depleted Autobots at the same time.
