Ali Cavanaugh Ali Cavanaugh, 2019 Modern Fresco Paintings is the first collection of Ali Cavanaugh's paintings, and it follows her entire career using watercolor on kaolin clay to create her modern fresco technique and the lovely work that flows from it. Beginning with her hyper-realistic portraits and ending with her latest, more free-flowing pictures, her use of light, color, and the human form captures the essence of her models and their forms and feelings in a particular moment. Cavanaugh's artistic sensibility was developed by two important events in her childhood. Her dependence on the visual world began when she lost much of her hearing through spinal meningitis when she was two, and her creative spirit developed out of her being raised in a rural environment where she had to create her own ways of expressing herself and making her own fun. She developed her stunning modern fresco medium almost by accident as she was learning to apply the outer layer of plaster to her home in Santa Fe, New Mexico. Since that time this volume illustrates her growth as an artist and her mastery of the technique. These are lovely works, painted masterfully. Both long-time followers of Cavanaugh's work---from the earliest Sock Arms paintings to those who found her through more recent work like the Chroma series---and those who are discovering her and her art for the first time, will be delighted by this collection.

The Lost Cinema of Mexico Olivia Cosentino, Brian Price, 2022-02-08 The Lost Cinema of Mexico is the first volume to challenge the dismissal of Mexican filmmaking during the 1960s through 1980s, an era long considered a low-budget departure from the artistic quality and international acclaim of the nation's earlier Golden Age. This pivotal collection examines the critical implications of discovering, uncovering, and recovering forgotten or ignored films. This largely unexamined era of film reveals shifts in Mexican culture, economics, and societal norms as state-sponsored revolutionary nationalism faltered. During this time, movies were widely embraced by the public as a way to make sense of the rapidly changing realities and values connected to Mexico's modernization. These essays shine a light on many genres that thrived in these decades: rock churros, campy luchador movies, countercultural superocheros, Black melodramas, family films, and Chili Westerns. Redefining a time usually seen as a cinematic "crisis," this volume offers a new model of the film auteur shaped by productive tension between highbrow aesthetics, industry shortages, and national audiences. It also traces connections from these Mexican films to Latinx, Latin American, and Hollywood cinema at large. A volume in the series Reframing Media, Technology, and Culture in Latin/o America, edited by Héctor Fernández L'Hoeste and Juan Carlos Rodríguez Contributors: Brian Price | Carolyn Fornoff | David S. Dalton | Christopher B. Conway | Iván Eusebio Aguirre Darancou | Ignacio Sánchez Prado | Dolores Tierney | Dr. Olivia Cosentino Publication of this work made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities.

Picture History New Bedford Joseph D. Thomas, Alfred H. Saulniers, Natalie A. White, Marsha L. McCabe, Jay Avila, 2016 It's the 1920s-the First World War is over, and the people of New Bedford, Massachusetts, like the rest of the country, enjoy high spirits and great prosperity. Familiar faces, young and old, look to a promising future in this great industrial city with a glorified maritime past. But trouble looms, and the next decades will require strength and determination. A troubled textile industry, the Great Depression, a challenged school system, hurricanes, wartime and a post-war economic decline-how will the city survive the tides of change? Resilient residents will take strength and encouragement from friends and community, finding laughter and escape through music, theater, radio, sports and other forms of entertainment. Everyday heroes will emerge. The city will reinvent itself and forge on. Fast forward to the 1960s. Following another post-war boom, new industries

come to town, the hurricane barrier goes up and the fishing fleet brings promise and growth. But urban renewal tears at the heart of downtown and wipes out many old neighborhoods. The Vietnam War and the city's race riots bring turmoil and upheaval. Still, a new generation again brings hope and change. In *A Picture History of New Bedford, Volume Two: 1925-1980*, the second installment of a three-volume set, hundreds of photographs and stories bring the city to life in an enthralling journey through the core of the 20th century. Ride the last trolley, sip an ice cream float at a bygone soda fountain, take a turn on the ballroom dance floor. Celebrate New Bedford's music-from the big band sounds to folk, fado, jazz and rock and roll. Explore the evolution of the city's diverse mix of cultures and see New Bedford's fishing industry grow from a small fledgling fleet of draggers to what today is the country's number one fishing port. Experience the people, places, and events that have shaped New Bedford, one of New England's most historically significant cities.

Healthcare without Borders John M. Kirk, 2015-08-25 Cuba has more medical personnel serving abroad—over 50,000 in 66 countries—than all of the G-7 countries combined and more than the World Health Organization. For the last five decades, they have been a leading force in the developing world, providing humanitarian aid (or “cooperation,” as Cuba’s communist government prefers) and initiating programs for preventative care and medical training. In *Healthcare without Borders*, John Kirk examines the role of Cuban medical teams in disaster relief, biotechnology joint ventures, and in the Latin American School—the largest medical faculty in the world. He looks at their responses to various crises worldwide, including the 1960 earthquake in Chile, the Chernobyl disaster in the Ukraine, the earthquake that wracked Haiti in 2010 and the subsequent cholera outbreak, and the 2014 Ebola epidemic in West Africa. Kirk issues an informative and enlightening corrective for what he describes as the tendency of the industrialized world’s media to ignore or underreport this phenomenon as one of the positive aspects of the Cuban revolutionary process. In the process, Kirk explores the philosophical underpinnings of human rights and access to medical care at the core of Cuba’s medical internationalism programs and partnerships.

Mexican Gothic Silvia Moreno-Garcia, 2020-06-30 NEW YORK TIMES BESTSELLER • “It’s Lovecraft meets the Brontës in Latin America, and after a slow-burn start Mexican Gothic gets seriously weird.”—The Guardian IN DEVELOPMENT AS A HULU ORIGINAL LIMITED SERIES PRODUCED BY KELLY RIPA AND MARK CONSUELOS • ONE OF TIME’S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME • WINNER OF THE LOCUS AWARD • NOMINATED FOR THE BRAM STOKER AWARD ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker, Vanity Fair, NPR, The Washington Post, Tordotcom, Marie Claire, Vox, Mashable, Men’s Health, Library Journal, Book Riot, LibraryReads An isolated mansion. A chillingly charismatic aristocrat. And a brave socialite drawn to expose their treacherous secrets. . . . From the author of *Gods of Jade and Shadow* comes “a terrifying twist on classic gothic horror” (Kirkus Reviews) set in glamorous 1950s Mexico. After receiving a frantic letter from her newly-wed cousin begging for someone to save her from a mysterious doom, Noemí Taboada heads to High Place, a distant house in the Mexican countryside. She’s not sure what she will find—her cousin’s husband, a handsome Englishman, is a stranger, and Noemí knows little about the region. Noemí is also an unlikely rescuer: She’s a glamorous debutante, and her chic gowns and perfect red lipstick are more suited for cocktail parties than amateur sleuthing. But she’s also tough and smart, with an indomitable will, and she is not afraid: Not of her cousin’s new husband, who is both menacing and alluring; not of his father, the ancient patriarch who seems to be fascinated by Noemí; and not even of the house itself, which begins to invade Noemí’s dreams with visions of blood and doom. Her only ally in this inhospitable abode is the family’s youngest son. Shy and gentle, he seems to want to help Noemí, but might also be hiding dark knowledge of his family’s past. For there are many secrets behind the walls of High Place. The family’s once colossal wealth and faded mining empire kept them from prying eyes, but as Noemí digs deeper she unearths stories of violence and madness. And Noemí, mesmerized by the terrifying yet seductive world of High Place, may soon find it impossible to ever leave this enigmatic house behind. “It’s as if a supernatural power compels us to turn the pages of the gripping Mexican Gothic.”—The Washington Post “Mexican Gothic is the perfect summer horror read, and marks Moreno-Garcia with her hypnotic and engaging prose as one of the genre’s most exciting talents.”—Nerdist “A period thriller as rich in suspense as it is in lush ’50s atmosphere.”—Entertainment Weekly

French Rococo Ébénisterie in the J. Paul Getty Museum Gillian Wilson, Arlen Heginbotham, 2021-03-30 The first comprehensive catalogue of the Getty Museum's significant collection of French Rococo ébénisterie furniture. This catalogue focuses on French ébénisterie furniture in the Rococo style dating from 1735 to 1760. These splendid objects directly reflect the tastes of the Museum's founder, J. Paul Getty, who started collecting in this area in 1938 and continued until his death in 1976. The Museum's collection is particularly rich in examples created by the most talented cabinet masters then active in Paris, including Bernard van Risenburgh II (after 1696–ca. 1766), Jacques Dubois (1694–1763), and Jean-François Oeben (1721–1763). Working for members of the French royal family and aristocracy, these craftsmen excelled at producing veneered and marquetry pieces of furniture (tables, cabinets, and chests of drawers) fashionable for their lavish surfaces, refined gilt-bronze mounts, and elaborate design. These objects were renowned throughout Europe at a time when Paris was considered the capital of good taste. The entry on each work comprises both a curatorial section, with description and commentary, and a conservation report, with construction diagrams. An introduction by Anne-Lise Desmas traces the collection's acquisition history, and two technical essays by Arlen Heginbotham present methodologies and findings on the analysis of gilt-bronze mounts and lacquer. The free online edition of this open-access publication is available at www.getty.edu/publications/rococo/ and includes zoomable, high-resolution photography. Also available are free PDF, EPUB, and Kindle/MOBI downloads of the book, and JPG downloads of the main catalogue images.

The Wretched of the Screen Hito Steyerl, 2013-04-05 In Hito Steyerl's writing we begin to see how, even if the hopes and desires for coherent collective political projects have been displaced onto images and screens, it is precisely here that we must look frankly at the technology that seals them in. The Wretched of the Screen collects a number of Steyerl's landmark essays from recent years in which she has steadily developed her very own politics of the image. Twisting the politics of representation around the representation of politics, these essays uncover a rich trove of information in the formal shifts and aberrant distortions of accelerated capitalism, of the art system as a vast mine of labor extraction and passionate commitment, of occupation and internship, of structural and literal violence, enchantment and fun, of hysterical, uncontrollable flight through the wreckage of postcolonial and modernist discourses and their unanticipated openings. e-flux journal Series edited by Julieta Aranda, Brian Kuan Wood, Anton Vidokle

Portraits of Cuba Daniel Duncan, Marcela Vásquez-León, Dereka Rushbrook, 2020-09-29 Scenes from Havana to Santiago Through an abundance of dynamic photographs, Portraits of Cuba depicts the experiences of Cubans of different ages and walks of life who are navigating the challenges and changes transforming the island today. From the vintage colonial architecture and potholed streets of Havana to the farms and winding highways of the countryside, images by documentary photographer Daniel Duncan capture daily life across the nation. Expert commentary by Marcela Vásquez-León and Dereka Rushbrook describes the history of el bloqueo, the economic embargo imposed by the U.S. government in 1960. The book also features selections from interviews with Cubans who highlight how the island residents continue to invent, adapt, and persevere in the face of this and other complicated circumstances. Duncan's photographs represent many aspects of the arts, religion, politics, public messaging, agriculture, and the economy in contemporary Cuba. Despite issues such as limited natural resources, dependence on imports, climate change and rising sea levels, and the departure of many of its young people, the island has emerged as an innovative player in addressing today's global problems. The authors note how the advances made by Cuba's sustainable farmers, scientists, medical teams, and literacy campaigns are models throughout the developing world. Portraits of Cuba celebrates the ingenuity, solidarity, and deep-rooted resilience of the Cuban people, illustrating how they are creating their own form of democracy in the long shadow of the 1959 Cuban Revolution and the 60-year blockade.
