Jack Morin

Mysteries of Police and Crime Arthur Griffiths,1899

The Realization of Star Trek Technologies Mark E. Lasbury,2016-08-24 As Star Trek celebrates its 50th anniversary, the futuristic tools of Kirk, Spock, Scott, and McCoy continue to come to life. This book merges Star Trek scientific lore—how the science of the time informed the implementation of technology in the series—and the science as it is playing out today. Scientists and engineers have made and continue to develop replicators, teletransporters, tractor beams, and vision restoring visors. This book combines the vision of 1966 science fiction with the latest research in physics, biotechnology, and engineering.

Harry Lorrequer, with illustr. [by H.K. Browne]. Charles James Lever,1878

Lungbarrow Marc Platt,1997 All is not well on Gallifrey. The House of Lungbarrow, where the Doctor left his family 673 years ago, has disappeared. In the seventh Doctor's final New Adventure, he faces a threat that could uncover the greatest secret of them all.

The Anthrobscene Jussi Parikka,2014-10-30 Smartphones, laptops, tablets, and e-readers all at one time held the promise of a more environmentally healthy world not dependent on paper and deforestation. The result of our ubiquitous digital lives is, as we see in *The Anthrobscene*, actually quite the opposite: not ecological health but an environmental wasteland, where media never die. Jussi Parikka critiques corporate and human desires as a geophysical force, analyzing the material side of the earth as essential for the existence of media and introducing the notion of an alternative deep time in which media live on in the layer of toxic waste we will leave behind as our geological legacy. *Forerunners: Ideas First* is a thought-in-process series of breakthrough digital publications. Written between fresh ideas and finished books, *Forerunners* draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship.

Beyond Boundaries Miguel Nicolelis,2011-03-15 A pioneering neuroscientist shows how the long-sought merger of brains with machines is about to become a paradigm-shifting reality. Imagine living in a world where people use their computers, drive their cars, and communicate with one another simply by thinking. In this stunning and inspiring work, Duke University neuroscientist Miguel Nicolelis shares his revolutionary insights into how the brain creates thought and the human sense of self—and how this might be augmented by machines, so that the entire universe will be within our reach. *Beyond Boundaries* draws on Nicolelis's ground-breaking research with monkeys that he taught to control the movements of a robot located halfway around the globe by using brain signals alone. Nicolelis's work with primates has uncovered a new method for capturing brain function—by recording rich neuronal symphonies rather than the activity of single neurons. His lab is now paving the way for a new treatment for Parkinson's, silk-thin exoskeletons to grant mobility to the paralyzed, and breathtaking leaps in space exploration, global communication, manufacturing, and more. *Beyond Boundaries* promises to reshape our concept of the technological future, to a world filled with promise and hope.

The Forest Flora of North-west and Central India John Lindsay Stewart,1871

Haley's Hints Green Edition Graham Haley,Rosemary Haley,2009-03-03 The New York Times bestselling author team returns with a budget-friendly, time-saving collection of green ideas. Because Mother Earth never wrote a guide for humans on caring for her, the authors of *Haley's Hints* now offer a collection of Earth-friendly tips for around the house. These many tips, both time-tested and money-saving, range from cooking and home repair to pest control and clever laundry ideas. Organized by category, the book shows how ordinary, non-toxic products can perform extraordinarily, all the while saving time and money. Readers can now say goodbye to expensive products and harsh chemicals. And Mother Earth will thank them for it.

Can Love Last?: The Fate of Romance over Time Stephen A. Mitchell,2003-02-17 A beautiful and brilliant reexamination of love and its perils.—Barbara Fisher, Boston Globe Common wisdom has it that love is fragile, but leading psychoanalyst Stephen A. Mitchell argues that romance doesn't actually diminish in long-term relationships—it becomes increasingly dangerous. What we regard as the transience of love is really risk management. Mitchell shows that love can endure, if only we become aware of our self-destructive efforts to protect ourselves from its risks. Those who read this book will love more wisely because of it.—Andrew Solomon, author of *The Noonday Demon* [A] work on romance that is rich and multi-layered.—Publishers Weekly Cheerful, open, and humane—you'd definitely have wanted him as your analyst.—Judith Shulevitz, *The New York Times Book Review* [T]houghtful, compassionate, and profoundly optimistic.—JoAnn Gutin, Salon.com

If It's Monday It Must Be Madurai Srinath Perur,2018-02-15 What is it like to travel with others for adventure, lust and god? This delightful travelogue, in which Srinath Perur embarks upon ten conducted tours, is full of rich experiences: hanging on to a camel in the Thar Desert, joining thousands on a pilgrimage in Maharashtra, crossing living root bridges near Cherrapunji, rediscovering music while on the trail of Kabir, and a lot more. As much about people as it is about places, the book is also a reflection of the nature of popular travel today, which is marked by the packaging of experiences, the formation of tourist economies and compulsive picture-taking. How this influences tourists comes across vividly: in their creation of a mini India on a bus as they race through treasured sights in Europe; in their perfunctory devotion as they hop from temple to temple in Tamil Nadu; and in their 'enjoying' with sex workers far away from home. Ironic, and often comic, *If It's Monday It Must Be Madurai* is an idiosyncratic portrait of India and her people.

The Erotic Mind Jack Morin,1995

The Double Flame Octavio Paz,1996 A collection of essays examines the themes of love and sex in literature, from Plato to modern fiction.

Inkblot, Volume 3 Emma Kubert,Rusty Gladd,2022-06-21 As a last effort to impose her dominance on the cat, the Seeker creates a magical bell collar so she can track it across the realms. Her invention only increases her frustrations, until her long lost brother makes an adjustment that allows her to control the feline. With the power of the Void finally at her hands, she must choose how to use it. Collects INKBLOT # 13-18

Kochland Christopher Leonard,2020-10-06 NEW YORK TIMES BESTSELLER * NEW YORK TIMES NOTABLE BOOK OF 2019 * WINNER OF THE J ANTHONY LUKAS WORK-IN-PROGRESS AWARD * FINANCIAL TIMES' BEST BOOKS OF 2019 * NPR FAVORITE BOOKS OF 2019 * FINALIST FOR THE FINACIAL TIMES/MCKINSEY BUSINESS BOOK OF 2019 * KIRKUS REVIEWS BEST BOOKS OF 2019 * SCHOOL LIBRARY JOURNAL BEST BOOKS OF 2019 "Superb...Among the best books ever written about an American corporation." —Bryan Burrough, *The New York Times Book Review* Just as Steve Coll told the story of globalization through ExxonMobil and Andrew Ross Sorkin told the story of Wall Street excess through *Too Big to Fail*, Christopher Leonard's *Kochland* uses the extraordinary account of how one of the biggest private companies in the world grew to be that big to tell the story of modern corporate America. The annual revenue of Koch Industries is bigger than that of Goldman Sachs, Facebook, and US Steel combined. Koch is everywhere: from the fertilizers that make our food to the chemicals that make our pipes to the synthetics that make our carpets and diapers to the Wall Street trading in all these commodities. But few people know much about Koch Industries and that's because the billionaire Koch brothers have wanted it that way. For five decades, CEO Charles Koch has kept Koch Industries quietly operating in deepest secrecy, with a view toward very, very long-term profits. He's a genius businessman: patient with earnings, able to learn from his mistakes, determined that his employees develop a reverence for free-market ruthlessness, and a master disrupter. These strategies made him and his brother David together richer than Bill Gates. But there's another side to this story. If you want to understand how we killed the unions in this country, how we widened the income divide, stalled progress on climate change, and how our corporations bought the influence industry, all you have to do is read this book. Seven years in the making, *Kochland* "is a dazzling feat of investigative reporting and epic narrative writing, a tour de force that takes the reader deep inside the rise of a vastly powerful family corporation that has come to influence American workers, markets, elections, and the very ideas debated in our public square. Leonard's work is fair and meticulous, even as it reveals the Kochs as industrial Citizens Kane of our time" (Steve Coll, Pulitzer Prize-winning author of *Private Empire*).

All the President's Women Barry Levine, Monique El-Faizy, 2019-10-22 Based on groundbreaking original reporting, an extensive new look at Donald Trump's relationships with women, revealing new accusations of sexual misconduct, exploring the roots of his alleged predatory behavior, and illustrating how Trump's presidency has helped catalyze the #MeToo movement and revitalize women's activism.

House of Whispers (2018-2020) #21 Nalo Hopkinson, Dan Watters, 2020-06-02 Trapped in Guinée, the Land of the Dead, Papa Midnite and Erzulie must join forces to return to their own realms...unfortunately, their mutual foe the trickster god Ananse is in the way, and he's eager for a rematch!

Splithead Julya Rabinowich, 2011-02-03 'My father and I head towards a nervous breakdown as he attempts to erase three years of Communist indoctrination in the course of a single evening. I simply cannot comprehend that Lenin, the friend of all children, is now allegedly an arsehole.' When seven-year-old Mischka and her family flee the oppressive USSR for the freedom of Vienna, her world seems to divide neatly in two: there's life as she knew it before, and life as she must relearn it now. But even as she's busy dressing her new Barbie, perfecting her German and gorging on fresh fruit, Mischka is aware that there's part of her that can never escape her homeland, with its terrifying folktales, its insidious anti-Semitism and its old family secrets. As her parents' marriage splinters and her sister retreats into silence, Mischka has to find her own way of living when her head and her heart are in two places at once. There is darkness galore in this novel. But there is also much comedy to be had in its twisted enchanted tales. It is as seductive and unsettling as similar work by Angela Carter or Margaret Atwood, while it shares a geography with Everything Is Illuminated and If I Told You Once.

Europe, Europe Hans Magnus Enzensberger, 2010-12-15 In this highly acclaimed and entertaining book, already among the touchstones of the new travel writing (Newsweek), one of West Germany's leading authors takes us on an insider's tour of Europe in the recent past. Focusing on Italy, Poland, Hungary, Sweden, Spain, and Portugal, he describes how Europe has been moving toward a new identity. Enzensberger makes a witty and knowledgeable traveling companion, delving into surprising corners and byways—from the back alleys of Budapest to the halls of the Italian mint—and striking up conversations with everyone from bankers to revolutionaries, astrologers to apparatchiks. In the process, he suggests that Europe's strength lies increasingly in embracing diversity and improvisation, not bigness and regimentation. He enables us to see with fresh eyes one of the most exciting parts of the world today.

Eventually, you will very discover a additional experience and achievement by spending more cash. nevertheless when? realize you understand that you require to get those all needs gone having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more approximately the globe, experience, some places, subsequent to history, amusement, and a lot more?
