Taro Yaguchi

Origami City Taro Yaguchi,2020-06-23 Introducing fold-by-number, a revolutionary origami new concept in paper folding. Created by the founder of Taro's Origami Studio, Origami City marries the joy of paper folding with the foolproof appeal of paint-by-number with the imaginative play of LEGO or Playmobils. This ingenious book is an all-in-one kit for a complete origami metropolis: 75 realistic pieces to fold with step-by-step instructions; an illustrated paper play mat; and over 100 sheets of preprinted origami paper with numbers and lines for folding. The models—houses, office buildings, cars, emergency and construction vehicles, an airport, even dogs and squirrels to run in the parks—are meticulously detailed, illustrated by Brooklyn-based artist Simon Arizpe. For ages 7 and up.

Keeping You Safe Ann Owen,2004 Describes some of the things that police officers do to help keep people safe.

Police Patricia Hubbell,2008 Illustrations and rhyming text celebrate police officers and what they do.

Convertible Police Car Belinda Gallagher,2018-04-05

The Digger and the Flower Joseph Kuefler,2018-01-23 From the acclaimed author/artist of Beyond the Pond and Rulers of the Playground comes a breathtaking new book with a powerful message about the environment, perfect for fans of Peter Brown's The Curious Garden and Kadir Nelson's If You Plant a Seed. Each day, the big trucks go to work. They scoop and hoist and push. But when Digger discovers something growing in the rubble, he sets in motion a series of events that will change him, and the city, forever. This story contains bold graphic illustrations and a wonderful message about the environment, proclaims Brightly.com in their article 18 Must-Read Picture Books of 2018.

Blippi: Things That Go! Thea Feldman,2019-10 Blippi introduces things that go, including fire trucks, boats, and planes.

The End of Policing Alex S. Vitale,2017-10-10 The massive uprising following the police killing of George Floyd in the summer of 2020--by some estimates the largest protests in US history--thrust the argument to defund the police to the forefront of international politics. It also made The End of Policing a bestseller and Alex Vitale, its author, a leading figure in the urgent public discussion over police and racial justice. As the writer Rachel Kushner put it in an article called Things I Can't Live Without, this book explains that unfortunately, no increased diversity on police forces, nor body cameras, nor better training, has made any seeming difference in reducing police killings and abuse. We need to restructure our society and put resources into communities themselves, an argument Alex Vitale makes very persuasively. The problem, Vitale demonstrates, is policing itself--the dramatic expansion of the police role over the last forty years. Drawing on first-hand research from across the globe, The End of Policing describes how the implementation of alternatives to policing, like drug legalization, regulation, and harm reduction instead of the policing of drugs, has led to reductions in crime, spending, and injustice. This edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.

Cars Galore Peter Stein,Bob Staake,2011 Cars of all shapes, colors, and sizes--including an igloo ice-fueled polar car and an eco-friendly car that runs on air--are presented in illustrations and rhyme.

The Torture Letters Laurence Ralph,2020-01-15 Torture is an open secret in Chicago. Nobody in power wants to acknowledge this grim reality, but everyone knows it happens--and that the torturers are the police. Three to five new claims are submitted to the Torture Inquiry and Relief Commission of Illinois each week. Four hundred cases are currently pending investigation. Between 1972 and 1991, at least 125 black suspects were tortured by Chicago

police officers working under former Police Commander Jon Burge. As the more recent revelations from the Homan Square “black site” show, that brutal period is far from a historical anomaly. For more than fifty years, police officers who took an oath to protect and serve have instead beaten, electrocuted, suffocated, and raped hundreds—perhaps thousands—of Chicago residents. In *The Torture Letters*, Laurence Ralph chronicles the history of torture in Chicago, the burgeoning activist movement against police violence, and the American public’s complicity in perpetuating torture at home and abroad. Engaging with a long tradition of epistolary meditations on racism in the United States, from James Baldwin’s *The Fire Next Time* to Ta-Nehisi Coates’s *Between the World and Me*, Ralph offers in this book a collection of open letters written to protesters, victims, students, and others. Through these moving, questing, enraged letters, Ralph bears witness to police violence that began in Burge’s Area Two and follows the city’s networks of torture to the global War on Terror. From Vietnam to Geneva to Guantanamo Bay—Ralph’s story extends as far as the legacy of American imperialism. Combining insights from fourteen years of research on torture with testimonies of victims of police violence, retired officers, lawyers, and protesters, this is a powerful indictment of police violence and a fierce challenge to all Americans to demand an end to the systems that support it. With compassion and careful skill, Ralph uncovers the tangled connections among law enforcement, the political machine, and the courts in Chicago, amplifying the voices of torture victims who are still with us—and lending a voice to those long deceased.

Nomadland: Surviving America in the Twenty-First Century Jessica Bruder, 2017-09-19 The inspiration for Chloé Zhao’s 2020 Golden Lion award-winning film starring Frances McDormand. People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book. —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon’s CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. *Nomadland* tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

Proceedings of the Second International Conference on Innovations in Computing Research (ICR’23) Kevin Daimi, Abeer Al Sadoon, 2023-06-16 The Second International Conference on Innovations in Computing Research (ICR’23) brings together a diverse group of researchers from all over the world with the intent of fostering collaboration and dissemination of the innovations in computing technologies. The conference is aptly segmented into six tracks: Data Science, Computer and Network Security, Health Informatics and Medical Imaging, Computer Science and Computer Engineering Education, Internet of Things, and Smart Cities/Smart Energy. These tracks aim to promote a birds-of-the-same-feather congregation and maximize participation. The Data Science track covers a wide range of topics including complexity score for missing data, deep learning and fake news, cyberbullying and hate speech, surface area estimation, analysis of gambling data, car accidents predication model, augmenting character designers’ creativity, deep learning for road safety, effect of sleep disturbances on the quality of sleep, deep learning-based path-planning, vehicle data collection and analysis, predicting future stocks prices, and trading robot for foreign exchange. Computer and Network Security track is dedicated to various areas of cybersecurity. Among these are decentralized solution for secure management of IoT access rights, multi-factor authentication as a service

(MFAaaS) for federated cloud environments, user attitude toward personal data privacy and data privacy economy, host IP obfuscation and performance analysis, and vehicle OBD-II port countermeasures. The Computer Science and Engineering Education track enfold various educational areas, such as data management in industry-academia joint research: a perspective of conflicts and coordination in Japan, security culture and security education, training and awareness (SETA), influencing information security management, engaging undergraduate students in developing graphical user interfaces for NSF funded research project, and emotional intelligence of computer science teachers in higher education. On the Internet of Things (IoT) track, the focus is on industrial air quality sensor visual analytics, social spider optimization meta-heuristic for node localization optimization in wireless sensor networks, and privacy aware IoT-based fall detection with infrared sensors and deep learning. The Smart Cities and Smart Energy track spans various areas, which include, among others, research topics on heterogeneous transfer learning in structural health monitoring for high-rise structures and energy routing in energy Internet using the firefly algorithm.

Paper Toys: Robots Arnaud Roi, 2016-10 Paper Toys is a wonderful new series of interactive craft books that allow children to pop out and build their own paper toys. While complimentary, each volume in the series is designed by a different talented artist, lending a stylized look to their fanciful creations. With several themes to choose from including Robots, Monsters, Fantasy Creatures, and Animals, the options for imaginative play are endless. Printed on durable cardstock and die-cut, each toy is easy to assemble with no glue or scissors needed.

Aero and Officer Mike Joan Plummer Russell, Kris Turner Sinnenberg, 2002 A photo essay about a police dog and his human partner at work and play.

Toot Toot Beep Beep Emma Garcia, 2013 In this follow-up to Tip Tip Dig Dig, Garcia invites little ones on an entertaining trip where colorful cars beep-beep, toot-toot, and vroom-vroom across colorful collage-like pages. Full color.
