Alexander Calder and His Magical Mobiles Jean Lipman,Margaret Aspinwall,1981 Alexander Calder is surely the most beloved artist of the twentieth century - as well as a major figure in the history of modern sculpture. Calder invented the mobile and the stabile; he was endlessly creative at making drawings, jewellery, toys, and household objects; he even made a miniature circus that is treasured by children of all ages. Calder has been appreciated as much for his witty and playful personality as for his artistic genius. Now aspects of both the man and the artist are captured in a beautifully produced book, created to be especially accessible for young readers. **Alexander Calder and His Magical Mobiles** with its delightful text tells the story of Calder's life and career, and relates - often in the artist's own words - his working methods and his own feelings about his art. The publication also presents a treasury of favourite works by Calder, as well as fascinating photographs of the artist at work. There is also a sequence of photographs that can be flipped to show a mobile in motion. **AUTHOR:** Jean Lipman, an authority on American art and modern sculpture is a long-time friend of Calder and his family and has collected his work for many years. Mrs Lipman is the author three Calder books and was the editor of *Art in America* magazine for thirty years, then following that she was editor of publications at the Whitney Museum of American Art. **SELLING POINTS:** *In 95 illustrations Calder's sculptures are presented as studies of motion, which also depict his playfulness and humour

*Includes a guide to many of the Calder sculptures that can be seen in museums and public spaces around the world

ILLUSTRATIONS: 40 colour & 55 b/w illustrations

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Alien Intrusion Gary Bates, 2004 Most people at one time or another have probably been curious to know, What could account for all of those strange objects in the sky that many credible witnesses see? Or, what about the modern mystery of alien abductions and stories of visitations by beings claiming to be from other planets or star systems? Are aliens really making contact with human beings? Is it important anyway? At last, an easy-to-understand book traces the history of this strange phenomenon utilizing the research of many of the heavyweights of UFOlogy -- and it's been making sense to a lot of people. This is a book for everyone. The author's research and conclusions will surprise you and challenge your thinking, not just about UFOs, but about the nature of life itself. This is a landmark volume that brings together the most important evidences, coming to conclusions far more sinister -- yet profound -- than most could imagine. - Publisher.
