Star Trek: Defiant, Vol. 2: Another Piece of the Action Christopher Cantwell, 2024-06-19 Spinning directly out of the Star Trek ongoing comic series, Defiant, Volume 2 continues this bold new storytelling future! Arc two of the acclaimed Star Trek: Defiant series is collected here! Still reeling from the battle on Qo'noS, Worf and the Defiant crew have been ordered to return to Starfleet headquarters. Despite their heroic actions, the Federation can't celebrate the crew's involvement in the fight against Kahless and the Red Path. In fact, the Federation is cornered by their tenuous relationship with the Klingon Empire. To save the alliance, they're forced to discharge Worf and his crew! With the unspoken, unwritten agreement that they'll operate with full Starfleet authority...completely off the books. Disavowed from Starfleet, Worf and his crew set out in their new roles as secret bounty hunters for the Federation. Their targets: untouchable criminals protected by treaties and alliances. They'll take on villains from across Star Trek's history such as an individualized ex-member of the Borg Collective, a time-traveling con man from The Next Generation, and an alien gangster from Sigma Iotia II. This volume collects issues #8-11 and the Defiant: Annual.

McIntee, 2011-03-29 The most talented Starfleet engineers of two generations unite to solve a two-hundred-year-old technological mystery that turns out to be only the beginning of a wider quest. With the support of Guinan and Nog, as well as the crew of the U.S.S. Challenger, Geordi La Forge and Montgomery Scott soon find themselves drawn into a larger, deadlier, and far more personal adventure. Helped by old friends and hindered by old enemies, their investigation will come to threaten everything they hold dear. Seeking out the new, and going where no one has gone before, Geordi, Scotty, and Guinan find that their pasts are very much of the present, and must determine whether any sufficiently advanced technology is really indistinguishable from magic.

Genesis Force John Vornholt, 2012-10-16 The full extent of the devastation caused by the Genesis Wave is only now being recognised. Helping rebuild them from the ground up is the Genesis Force, a covert Federation group of humans and aliens with extra abilities greater than those of the average humanoid. Their mission: to remake the devastated worlds so that new life can flourish, and to protect the people of the newly named Genesis Sector from those who would seek to conquer and exploit them.

Martin, Andy Mangels, 2012-08-11 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.
