Destined (Book #4 in the Vampire Journals) Morgan Rice, 2011 *DESTINED* is Book #4 of the Bestselling series *THE VAMPIRE JOURNALS*, which begins with book #1, *TURNED*—a FREE download! In *DESTINED (Book #4 in the Vampire Journals)*, Caitlin Paine wakes to discover herself back in time. She finds herself in a cemetery, on the run from a mob of villagers, and seeks refuge in the ancient cloisters of Assisi, in the countryside of Umbria, Italy. There, she learns of her destiny and her mission: to find her father and the ancient vampire Shield needed to save mankind. But Caitlin's heart still pines for her lost love: Caleb. She desperately needs to know if he has survived their trip back in time. She learns that her mission requires her to go to Florence, but if she wants to pursue matters of the heart, she must go to Venice. She chooses Venice. Caitlin is overwhelmed at what she finds. Venice of the eighteenth century is a surreal place, men and women dressed in elaborate costumes and masks, celebrating an endless, lavish party. She is thrilled to discover and reunite with some of her close friends, and to be welcomed back into their coven. And she is excited to join them in Venice's Grand Ball, the most important costume dance of the year, where she hopes, once again, to find Caleb. But Caitlin is not the only one who can travel back in time: Kyle soon arrives, too, and is determined to hunt her down and kill her once and for all. Sam, too, arrives, determined to save his sister before it is too late. At the Ball, Caitlin searches everywhere, and finds no sign of Caleb. That is, until the very last dance. She dances with a masked man who takes her heart away, and she feels certain that it is him. But as the partners change, she loses him again. Or does she? Caitlin soon finds herself torn between the two loves of her life, and discovers that she has to be careful what she wishes for. Her joy at finding what she wants might just come mixed with tragedy and heartbreak. In a climactic, action-packed ending, Caitlin finds herself up against true evil, Rome's ancient vampire coven, and the most powerful vampire coven that ever existed. Surviving will demand all her skills, as she finds herself battling for her very life. She will have to sacrifice more than ever, if she is to save the one she loves.... Books #3--#11 in *THE VAMPIRE JOURNALS* are now also available! Morgan Rice's new trilogy, *THE SURVIVAL TRILOGY*, a post apocalyptic thriller, is now also available for sale. And Morgan's new epic fantasy series, the #1 Bestselling *THE SORCERER'S RING*, comprising 10 books and counting, is now also available--with the first book, *A QUEST OF HEROES*, as a FREE download!

Shahnameh Firdawsī, 2006 A new translation of the late-tenth-century Persian epic follows its story of pre-Islamic Iran's mythic time of Creation through the seventh-century Arab invasion, tracing ancient Persia's incorporation into an expanding Islamic empire. 15,000 first printing.

Seven Forges James A. Moore, 2013-10-15 An expedition into a hostile world leads to the discovery of a forgotten—and potentially dangerous—race in this “well-written epic fantasy series kickoff” (Publishers Weekly) Captain Merros Dulver is the first in many lifetimes to find a path beyond the great mountains of the Seven Forges and encounter, at long last, the half-forgotten race who live there. And it would appear that they were expecting him. But when he returns home, an entourage of strangers in tow, he starts to

wonder if his discovery is truly something to celebrate—for the gods of this lost race are the gods of war, and their memories of that far-off cataclysm have not faded. The people of Fellein have lived with the legends of the Blasted Lands for many centuries. Lying far to the north, the Lands are a desolate, impassable place—the legacy of an ancient time of cataclysm. But even the dangers of the Blasted Lands cannot stop the occasional expedition into its fringes, where people search for any trace of the ancients and oft-rumored riches that once lived there. File Under: Fantasy [Savage Lands | Vengeful Gods | An Expected Journey | Battalions at War]

Encounters with Vampires David Robson,2011 For some, vampires are the stuff of fiction; for others, real life encounters have convinced them that vampires walk among us. Terrifying stories of vampire sightings, vampire attacks, and vampire hunting suggest that the truth of these fanged creatures is stranger than any fiction.

Mathematics Under the Microscope Alexandre Borovik,2010 The author's goal is to start a dialogue between mathematicians and cognitive scientists. He discusses, from a working mathematician's point of view, the mystery of mathematical intuition: why are certain mathematical concepts more intuitive than others? To what extent does the small scale structure of mathematical concepts and algorithms reflect the workings of the human brain? What are the elementary particles of mathematics that build up the mathematical universe? The book is saturated with amusing examples from a wide range of disciplines--from turbulence to error-correcting codes to lo.
