Seducing Ingrid Bergman Chris Greenhalgh,2014-03-18 The beautiful Casablanca star, the world's greatest war photographer, and the secret love affair that would change their lives forever . . . in Chris Greenhalgh's *Seducing Ingrid Bergman* June 1945. When Ingrid Bergman walks into the lobby of the Ritz hotel in Paris, war photographer Robert Capa is enchanted. From the moment he slips a mischievous invitation to dinner under her door, the two find themselves helplessly attracted. Played out against the cafés and nightclubs of post-war Paris and the parties and studios of Hollywood, they pursue an intense and increasingly reckless affair. But the light-hearted Capa, who likes nothing more than to spend his mornings reading in the tub and his afternoons at the racetrack, is not all that he seems. And Ingrid offers the promise of salvation to a man haunted by the horrors of war, his father's suicide, and the death of a former lover for which he blames himself. Addicted to risk, Capa must wrestle his devils, including gambling and drink, and resist an impulse to go off and photograph yet another war. Meanwhile, Ingrid, trapped in a passionless marriage and with a seven-year-old daughter to bring up, must court scandal and risk compromising her Hollywood career and saintly reputation if their love is to survive. With their happiness and identities at stake, both Capa and Ingrid are presented with terrible choices.

Soul Surfer Bethany Hamilton,2012-12-25 They say Bethany Hamilton has saltwater in her veins. How else could one explain the tremendous passion that drives her to surf? How else could one explain that nothing - not even the loss of her arm in a horrific shark attack - could come between her and the waves? That Halloween morning in Kauai, Hawaii Bethany responded to the shark's stealth with a calmness beyond belief. Pushing pain and panic aside, she immediately thought: 'Get to the beach...' Rushed to the hospital, where her father, Ted Hamilton, was about to undergo knee surgery, Bethany found herself taking his spot in the operating theatre. When the first thing Bethany wanted to know after surgery was 'When can I surf again?' it became clear that her unfaltering spirit and determination were part of a greater story - a tale of courage and faith that this modest and soft-spoken girl would come to share with the world.

**They Marched Into Sunlight** David Maraniss,2003-10-14 David Maraniss tells the epic story of Vietnam and the sixties through the events of a few gripping, passionate days of war and peace in October 1967. With meticulous and captivating detail, They Marched Into Sunlight brings that catastrophic time back to life while examining questions about the meaning of dissent and the official manipulation of truth—issues that are as relevant today as they were decades ago. In a seamless narrative, Maraniss weaves together the stories of three very different worlds: the death and heroism of soldiers in Vietnam, the anger and anxiety

of antiwar students back home, and the confusion and obfuscating behavior of officials in Washington. To understand what happens to the people in these interconnected stories is to understand America's anguish. Based on thousands of primary documents and 180 on-the-record interviews, the book describes the battles that evoked cultural and political conflicts that still reverberate.

**Valor's Choice** Tanya Huff, 2022-07-29 Tanya Huff—acclaimed author of the Blood Series—begins her celebrated Confederation series that will launch readers into a future where Humans are not the most evolved species... Good thing they can take orders. Brought into the multi-species Confederation, Humans earn their place along the Taykan and the Krai by acting as military guardians of the Elder Races, who have risen above societal aggression and violence. When Staff Sergeant Torin Kerr and her platoon are dragged from some well-deserved R&R to play honor guard for a diplomatic mission to the non-Confederation planet of the Silsviss, Torin suspects that something is about to go wrong. You don't make staff sergeant in the CMC without a well-developed sense of paranoia. Justified paranoia when word reaches them that the enemy has been spotted in this sector of space. The diplomatic mission becomes a race to recruit the Silsviss into the Confederation before the enemy returns, claims the reptilian warriors as their own, and turns them loose on the Confederation. One battle-weary platoon has to step up to stop the slaughter.

Thunder Run David Zucchino, 2007-12-01 “A Pulitzer Prize–winning reporter provides a brilliant account of the harrowing drive into Baghdad by an American armor brigade.” —Seattle Post-Intelligencer Based on reporting that was a finalist for the Pulitzer Prize, Thunder Run chronicles one of the boldest

gambles in modern military history: the surprise assault on Baghdad by the Spartan Brigade, the Second Brigade of the Third Infantry Division (Mechanized). Three battalions and fewer than a thousand men launched a violent thrust of tanks and Bradley Fighting Vehicles into the heart of a city of five million people—and in three days of bloody combat ended the Iraqi war. More than just a rendering of a single battle, *Thunder Run* candidly recounts how soldiers respond under fire and stress and how human frailties are magnified in a war zone. The product of over a hundred interviews with commanders and men from the Second Brigade, it is a riveting firsthand account of how a single armored brigade was able to capture an Arab capital defended by one of the world's largest armies. "The best account of combat since *Black Hawk Down*." —*Men's Journal*

Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. *The son of the Wolf* (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden*

(1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

**Hollywood Diaries** Morgana Welch, 2007 Book Description 2000 Hollywood Diaries, is the true, intimate, and sometimes disturbing diaries of Morgana Welch. The diaries begin in 1971 and mark the beginning of a young girl's search for reality and sense of self in a section of society that was anything but normal, Hollywood and Beverly Hills. The diaries reflect a way of life that would afford Morgana the pleasure and pain of living in the world of rock and roll. Hollywood Diaries takes you inside the world of a 1970s groupie. In the days before cell phones, you-tube, and myspace when you had to be face to face (fantastically lusciously face to face...) with the center of the rock-and-roll vortex. Hollywood Diaries will take you on a vicarious journey paying homage to the world of rock and roll, for better and worse. Her recollections are not steeped in rose colored hues that are tempting when addressing the escapades of youth. While great care has been taken to assure that some of the players are not marred by their past behavior, the events and life portrayed is as it happened, without judgment, and without regret. You kept a very good diary. Everything in it is one hundred percent TRUE!! - Chuck Ruff, Edgar Winter band. The stories you told in your book brought back fond memories for me of the crazy fun times we had. Bill Lordan - Sly and the Family Stone, Robin Trower I saw that 'infamous groupie' photo in Stephen Davis's Hammer of the Gods and always wondered who the girls were. You are a fine writer and I enjoy your voice a lot. I love hearing about the groupie heyday and I really admire how you manage to come across in your writings, insightful and warm. Others have glossed over the seedier sides that must surely have been there. You handle them with a terrific approach, without overdoing it for shock value. Thanks for sharing your

stories; it's great to finally know who the pretty blonde girl in the middle is! - Kerstin Exemplary reflective storytelling, the hooks revolving around musicians we all know, the central inspiration in the end though is one of the human spirit, survival and honesty. The flow of consciousness with its celebrity thread is arabesque, organic and finessed. - Shorty I thought it was excellent. An honest snapshot of amazing times that will probably never happen again. Have also just read Laurel Canyon, which features some of Morgana's story as well. I agree with some other posts on this site...Morgana should write a detailed account of her life. Wild and magical...and surviving was nothing short of a miracle! - Tony McGraw

*The Black Pearl* Mark Hamill, Eric Johnson, 1997 Explores the differences between reporting the news and creating it.
