Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Life and Death of Sophie Stark Anna North,2016-06-14 Winner of the 2016 Lambda Literary Award for Bisexual Fiction “I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story.”—Emma Donoghue, New York Times bestselling author of *Room* “This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy.”—Lena Dunham Who is Sophie Stark? A brilliant filmmaker, a lover, a wife, a friend, a traitor. A troubled misfit who becomes a star, at great cost to the people who love her and, ultimately, to herself. Gripping and provocative, *The Life and Death of Sophie Stark* is a story of the power of art to transform lives and to destroy them, and of an artist's drive to create something greater than herself, even if it means sacrificing everything—and everyone—she loves.

100 Ways to Win a Ten-Spot Paul Zenon,2007-03 As opposed to offering up typical magic tricks, this hilarious collection of scams, swindles, bets, and stunts features everyday objects and requires no special skills--just nerve. Some of the scams presented include how to drink from a champagne bottle without opening it, guess the date on a coin as it spins on the table, and pull a 10-dollar bill out from under a beer bottle without touching or knocking over the bottle. This amusing guide claims that a cheater, armed with the right skills, always wins and provides a crash course in conning at cards, pool, bets, and pretty much any activity where a sucker can be cornered into taking a chance.

Nonetheless, this book is designed with OSR games in mind, and will run best with Fantastic Heroes & Witchery (also available on Createspace/Amazon), and similar games such as Osric, Swords & Wizardry, etc. Note lastly that layout and art have been given great care to make the most visually pleasing book as possible: this means 10 maps, and two illustrations per pages on most of the 275 pages!
