Daniel Mersey

**Dragon Rampant** Daniel Mersey,2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, Dragon Rampant allows you to bring those battles to the tabletop. Developed from the popular Lion Rampant system, Dragon Rampant is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6–8 units comprised of 6–12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

Shattered Legions Laurie Goudling,2018 Driven almost to the brink of self-destruction at Istvan V, the Iron Hands now seek vengeance for the murder of their primarch Ferrus Manus. Gathering survivors from the Raven Guard and the Salamanders aboard any vessels capable of warp travel, these Shattered Legions wage a new campaign of annihilation against the traitor forces across the galaxy - a campaign masterminded by legendary warleader Shadrak Meduson. This Horus Heresy anthology contains ten short stories by authors including Dan Abnett, Chris Wraight, John French and many more. Also, in the novella *The Seventh Serpent*, Graham McNeill revisits the ragtag crew of the starship *Sisyphus* as they are drawn into a war of subterfuge against the Alpha Legion.--Page [4] of cover.

**The Prop Builder's Molding & Casting Handbook** Thurston James,1989-11-15 The Prop Builder's Molding & Casting Handbook & break;& break;This is the first book to contain, in one comprehensive volume, every molding and casting procedure of use to the theater props builder (no matter what his or her level or proficiency). The author demonstrates the techniques involved in using more than thirty different materials ranging from papier-mache to breakaway glass. & break;& break;While the use of some materials—plaster and polyester resins, for example—is covered to some extent in other publications, information on the selection and use of rubber materials (latex, neoprene, silicone, and the urethanes) and the procedure for making breakaway windows and bottles is available only in *The Prop Builder's Molding & Casting Handbook*. & break;& break;Written in an easy, conversational style, the book will be useful to anyone involved with theater properties, puppetry, and costuming (as professionals or amateurs). It will also serve admirably the needs of students taking classes in those subjects. & break;& break;Completing the book is a special section on designing and building a vacuum forming machine suitable for use in constructing theater props. More than 450 photographs illustrate the step-by-step procedures explained throughout the entire text.

**Bolt Action: Empires in Flames** Warlord Games,2015-10-20 Far from the battlefields of Europe and North Africa, Allied forces fought a very different war against another foe, from the jungles of Burma to the islands of the Pacific and the shores of Australia. This new Theatre Book for Bolt Action allows players to command the spearhead of the lightning Japanese conquests in the East or to fight tooth and nail as Chindits, US Marines and other Allied troops to halt the advance and drive them back. Scenarios, special rules and new units give players everything they need to recreate the ferocious battles and campaigns of the Far East, from Guadalcanal to Okinawa, Singapore, the Philippines, Iwo Jima and beyond.

**Bolt Action: Armies of Italy and the Axis** Warlord Games,2013-11-20 While many nations flocked to the side of the Allies, others joined forces with Germany as part of the Axis. This volume is the definitive guide to the armies of Italy, Hungary, Bulgaria, Romania and Finland. Fight the Winter War against the Soviets, hold back the British in North Africa, or help shore up the German offensives on the Eastern Front with this latest supplement for Bolt Action.

**Ravenwing** Gav Thorpe,2013-01-01 Upon steeds of adamantium and steel, the Ravenwing of the Dark Angels bring death to the foes of the Imperium in the first book in a new trilogy from acclaimed author Gav Thorpe. The Ravenwing stand apart from the rest of the Dark Angels Chapter – these dynamic Space Marines take to the battlefield upon steeds of adamantium and steel, and swoop from the skies in lightning-fast speeders to bring death to the foes of the Imperium.
