The Rocklitz Marjorie Bowen,1930

*Dragon Rampant* Daniel Mersey,2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, *Dragon Rampant* allows you to bring those battles to the tabletop. Developed from the popular *Lion Rampant* system, *Dragon Rampant* is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6-8 units comprised of 6-12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Imaginary Club** Oliver Sieber (photographe).,2013 L'univers d'Oliver Sieber explore la contre-culture de groupes sociaux, jeunes pour la plupart, qui fréquentent des clubs où se produisent des formations musicales au style affirmé. De cette subculture, qui se vit à l'échelle de la planète, nous connaissons aujourd'hui la forme visuelle développée par ses propres membres et qui circule essentiellement par les réseaux sociaux. Toute l'intelligence du projet d'Oliver Sieber est de construire, à rebours de ces pratiques photographiques dominantes, un travail d'une grande rigueur esthétique et documentaire. Pour dessiner le portrait de ces multiples « tribus urbaines mondialisées », il a emprunté à diverses écritures photographiques : du studio à une forme de nature morte en passant par un journal, sorte d'errance photographique. Sociologique ou anthropologique, son approche doit

beaucoup à son immersion au sein de cette contre-culture qui, sans s'opposer directement à la culture dominante développe une esthétique singulière à travers ses propres codes et rituels. Dans des vues aux cadrages rigoureux, Oliver Sieber a exploré les studios d'enregistrement « amateurs » où s'autoproduisent nombre de groupes à la lisière du circuit officiel des majors ; dans un studio qu'il installe devant les portes des salles de concert, il a réalisé une importante série de portraits couleur, à mi-chemin entre plan américain et plan rapproché ; et, enfin, il a déambulé dans les grandes métropoles qu'il a traversées pour en saisir dans l'instant, en noir et blanc, les ambiances. De cet entremêlement d'images surgit un univers complexe, déroutant, où, paradoxalement, l'attestation de la singularité cohabite avec l'instinct grégaire. Cette affirmation de l'individualité passe, sans doute de manière inconsciente, par des pratiques qui remontent à la nuit des temps - tatouage, piercing, scarification ou multiples manières de porter la coiffure - et sont généralement associées dans nos sociétés occidentales à des pratiques dites « primitives ». Au-delà de sa qualité photographique, le travail d'Oliver Sieber interroge ainsi la fonction de représentation à l'oeuvre dans nos sociétés contemporaines, enclines à normaliser nos manières d'apparaître dans l'espace social.

The Country Diary of a New Zealand Lady Christina Gillian Ferens, 2012 One hundred years after *The Country Diary of an Edwardian Lady* was penned by Edith Holden comes a modern response as charming. **The Films of Terrence Malick** James Morrison, Thomas Schur, 2003-09-30 Despite overwhelming acclaim for his work, director Terrence Malick remains an under-examined figure of an era of filmmaking that also produced such notables as Robert Altman, Francis Ford Coppola, and Martin Scorsese. His films *Badlands* and *Days of Heaven* remain benchmarks of American cinema, while his recent *The Thin Red Line* returned him to the pantheon of American directors. In this new study, authors James Morrison and Thomas Schur examine each of his films in detail, drawing on extensive archival research to construct a portrait of his working methods as a director as well as the thematic, aesthetic, and cultural components of his work. Moreover, aside from tracing the development of Malick's filmmaking from its beginnings to the present, the book compares his finished pictures to their original shooting

scripts, and so provides a unique means of exploring the nature of his working methods and the ways in which they influence the final products. Revealing the ways in which these films connect to and depart from evolving traditions of the last 30 years, *The Films of Terrence Malick* provides a comprehensive and penetrating study as well as an informative and adventurous work of film criticism.

Scarlet Citadel for 5th Edition Steve Winter, 2021-08-17 Once a functional fortress where wizards honed their eldritch craft, little now remains of the Scarlet Citadel--on the surface. The place now has a sinister and deadly reputation among adventurers and lorekeepers, and for good reason. The dungeon's well-trod stairs have seen few return from their journeys below. Here, deep underground, dwarven mercenaries once bred their owlbears for war, sorcerers from the White Forest practiced their arts, and strange cults from other realms drew from mysterious nodes of power. Ancient treasures and secrets are still scattered everywhere. Malevolent creatures spin shadowy webs, enchant foul magics, and summon forth dark gods. The Scarlet Citadel for 5th Edition hardcover is: \* A massive hardcover tome containing a classic-style adventure for 10 levels of play, fully compatible for D&D 5E. \* Easily paired with the Scarlet Citadel Map Folio, a fold-out set of playable battle maps from Kobold Press. \* Suited for newcomers to tabletop RPGs as well as long-time Game Masters. \* Optimized for evocative combats and magical mysteries, and brimming with plots and subplots to uncover. \* Full of original traps and new monsters as well as a complete write-up of the nearby town of Redtower, where the adventurers can set up a home base.
