Iron Sunrise Charles Stross, 2005-06-28 “[Stross] has the ability to superimpose an intriguing take on contemporary events over an imaginative story peopled by bizarre characters.” – The Kansas City Star A G2 star doesn't just explode—not without outside interference. So the survivors of the planet Moscow, which was annihilated in just such an event, have launched a counterattack against the most likely culprit: the neighboring system of New Dresden. But New Dresden wasn't responsible, and as the deadly missiles approach their target, Rachel Mansour, agent for the interests of Old Earth, is assigned to find out who was. Opposing her is an unknown—and unimaginable—enemy. At stake is not only the fate of New Dresden but also the very order of the universe. And the one person who knows the identity of that enemy is a disaffected teenager who calls herself Wednesday Shadowmist. But Wednesday has no idea what she knows...

Invisible Sun Charles Stross,2021-09-28 The alternate timelines of Charles Stross' Empire Games trilogy have never been so entangled than in *Invisible Sun*—the techno-thriller follow up to *Dark State*—as stakes escalate in a conflict that

could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the USA. Can disgraced worldwalker Rita and her intertemporal extraordinaire agent of a mother neutralize the livewire contention before it's too late? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dark State Charles Stross, 2018-01-11 Dark State is the second book in a thrilling series - set in the same world as Charles Stross' Merchant Princes series. This book follows Empire Games. The time for peace is ending . . . In the near future, one America is experiencing its first technological revolution – whilst in a parallel world, the United States is a hi-tech police state. But both timelines are poised for conflict. Miriam Burgeson's America is heading for civil war. However, a high profile defection might avert this crisis, if only Miriam and her agents can arrange it in time. And Rita Douglas, rival US spy, arrives during this turmoil. Rita's world is rocked when she realizes Miriam is her birth mother, changing her own mission irrevocably. Then her United States discovers yet another parallel earth, and the remains of an advanced society. Something destroyed that civilization, Rita's people are about to rouse it – and two worlds will face the consequences.

SAT Wars Joseph A. Soares, 2015-04-17 What can a

college admissions officer safely predict about the future of a 17-year-old? Are the best and the brightest students the ones who can check off the most correct boxes on a multiple-choice exam? Or are there better ways of measuring ability and promise? In this penetrating and revealing look at high-stakes standardized admissions tests, Joseph Soares demonstrates the far-reaching and mostly negative impact of the tests on American life and calls for nothing less than a national policy change. *SAT Wars* presents a roadmap for rethinking college admissions that moves us past the statistically weak and socially divisive SAT/ACT. The author advocates for evaluation tools with a greater focus on what youth actually accomplish in high school as a more reliable indicator of qualities that really matter in one's life and to one's ability to contribute to society. This up-to-date book features contributions by well-known experts, including a piece from Daniel Golden, who won a Pulitzer Prize for his reporting in the *Wall Street Journal* on admissions, and a chapter on alternative tests from Robert Sternberg, who is the world's most-cited living authority on educational research. As we continue to debate the use and misuse of standardized testing, *SAT Wars* will be important reading for a wide audience, including college administrators and faculty, high school guidance counselors, education journalists, and parents.

The Art Forger's Handbook Eric Hebborn, 1997 The English artist Eric Hebborn (1934-1996) explains the secrets of his forging techniques in this illustrated work compiled shortly before his

death. Drawings previously attributed to artists such as Picasso and Corot were in fact the work of Hebborn and this work provides an insight through explanations of his work. Inks, papers, pigments, monograms and signatures are all explained as well as Hebborn's own often outrageous speculations about the nature of art and value.

Charles Pettigrew, First Bishop-Elect of the North Carolina Episcopal Church (Classic Reprint)
Bennett H. Wall, 2018-08-14 Excerpt from Charles Pettigrew, First Bishop-Elect of the North Carolina Episcopal Church As soon as he received the news of his appointment, Pettigrew resigned his position in Bute County and moved to Edenton. He became a member of the Church of England about this time and obtained a position as lay reader of St. Paul's Church in Edenton. Since several

members of the vestry of St. Paul's Parish were trustees of the academy, it is reasonable to assume that he had contacted these men and made known to them his desire to become a minister of the Church of England. Whether or not that View is correct, it is known that while occupying the positions of schoolmaster and lay reader he engaged in the studies expected of candidates for ordination in that church. In the spring of 1775 he sailed for London where he was duly ordained deacon and priest by the bishops of London and Rochester. The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui,2019 Imagine

that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply

the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets?- Are restricted from traveling outside their villages?- Have no legal right to own land or property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government

infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights?Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
