The AK-47 Gordon L. Rottman,2011-05-03 A detailed, fully illustrated study of the most recognizable assault rifle ever produced. The Kalashnikov AK-47 is the most ubiquitous assault rifle in the world, with more AK-47s and its variants in use than any other individual small arm. Created by Senior Sergeant Mikhail Kalashnikov, and first adopted by the USSR soon after World War II, its production continues to this day, with an estimated 75 million produced worldwide. Supported by photographs and original artwork, this book takes a look at the complete history of the weapon, discussing its design, development, and usage, taking its story from the great armies of the Soviet Union to the insurgents and criminal gangs that often employ the weapon today.

*Monster Hunter International, Second Edition* Larry Correia, 2015-05-13 Contains an all-new afterword by New York Times best-selling author Larry Correia! Welcome to Monster Hunter International. Five days after Owen Zastava Pitt pushed his insufferable boss out of a fourteenth story window, he woke up in the hospital with a scarred face, an unbelievable memory, and a job offer. It turns out that monsters are real. All the things from myth, legend, and B-movies are out there, waiting in the shadows. Officially secret, some of them are evil, and some are just hungry. On the other side are the people who kill monsters for a living. Monster Hunter International is the premier eradication company in the business. And now Owen is their newest recruit. It's actually a pretty sweet gig, except for one little problem. An ancient entity known as the Cursed One has returned to settle a centuries old vendetta. Should the Cursed One succeed, it means the end of the world, and MHI is the only thing standing in his way. With the clock ticking towards Armageddon, Owen finds himself trapped between legions of undead minions, belligerent federal agents, a cryptic ghost who has taken up residence inside his head, and the cursed

family of the woman he loves. Business is good . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). Lexile Score: 710

**Silver Surfers** Neerja Singh,2021-01-06 Far more silvers are capable and inclined to stay longer in the game The 21st century demography is changing and the world needs to wake up. By 2050 there will be more 60 plus silvers than children under 5 years of age. The Silver Tsunami is here to stay and soar. Here are 13 inspiring stories from stellar silvers who challenge the cult of youth by their living.

**Servants of War** Larry Correia,Steve Diamond,2022-03-01  
NEW MILITARY FANTASY FROM THE CREATOR OF MONSTER HUNTER INTERNATIONAL LARRY CORREIA AND MASTER OF HORROR STEVE DIAMOND The war between Almacia and the Empire of Kolakolvia is in its hundredth year. Casualties grow on both sides as the conflict leaves no corner of the world untouched. Illarion Glaskov's quiet life on the fringes of the empire is thrown into chaos when an impossible tragedy strikes his village. When he is conscripted into the Tsarist military, he is sent to serve in The Wall—an elite regiment that pilots suits of armor made from the husks of dead golems. But the great war is not the only—or even

the worst—danger facing Illarion, as he is caught in a millennia-old conflict between two goddesses. He must survive the ravages of trench warfare, horrific monsters from another world, and the treacherous internal politics of the country he serves. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Larry Correia: “Correia piles on the intrigue, action, and cliffhangers in the invigorating second Saga of the Forgotten Warrior epic fantasy. . . . Correia also weaves in elements that question the value of belief and the cost of giving authority to those who find more profit in preying on the weak. . . . Brisk fight scenes, lively characters, and plenty of black humor continue to make this series a real pleasure.” —Publishers Weekly About Steve Diamond: “Residue will scare you—that’s its primary goal—but along the way it will touch you, shock you, make you laugh, make you cheer, and make you think. Horror has been waiting for Steve Diamond.” —Dan Wells

*Gun Runner* Larry Correia, John D. Brown, 2021-02-02

THRILLING SCIENCE FICTION ADVENTURE FROM BEST-SELLING AUTHORS LARRY CORREIA AND JOHN BROWN The Heart of a Warrior Once, Jackson Rook was a war hero. Raised from boyhood to pilot an exosuit mech, he’d fought gallantly for the

rebellion against the Collectivists. But that was a long time ago, on a world very far away. Now, Jackson Rook is a criminal, a smuggler on board the Multipurpose Supply Vehicle Tar Heel. His latest mission: steal a top-of-the-line mech called the Citadel and deliver it to the far-flung planet Swindle, a world so hostile even the air will kill you. The client: a man known only as the Warlord. Rook has been in the smuggling business long enough to know that it's best to take the money and not ask questions. But Rook cannot stand by and watch as the Warlord runs roughshod over the citizens of Swindle, the way the Collectivists did on his homeworld. For all his mercenary ways, Rook is not a pirate. And deep within the smuggler, the heart of a warrior still beats. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Crysis Peter Watts, 2011-03-22 MANHATTAN IS UNDER NEW MANAGEMENT. THEY'RE NOT FROM AROUND HERE. Welcome to the Big Apple, son. Welcome to the city that never sleeps: invaded by monstrous fusions of meat and machinery, defended by a private army that makes Blackwater look like the Red Cross, ravaged by a disfiguring plague that gifts its victims with religious rapture while it eats them alive. You've been thrown into this meat grinder without warning, without preparation, without a clue. Your whole squad was mowed down the moment they stepped onto the battlefield. And the chorus of voices whispering in your head keeps saying that all of this is on you: that you and you alone might be able to turn the whole thing around if you only knew what the hell was going on. You'd like to help. Really you would. But it's not just the aliens that are gunning for you. Your own kind hunts you as a traitor, and your job might be a bit easier if you didn't have the sneaking suspicion they could be right. . . .

*Bound Spirits, Book 1* Karen Wiesner, 2016-01-22 Nestled on Lake Superior in northern Wisconsin is a small, secluded town called Bloodmoon Cove with volatile weather, suspicious folk...and newly awakened ghosts bent on revenge. Esmeralda Esme Dumas comes to the town looking to find work surrounded by wide-open nature, and most of all looking for a place to hide. Park Ranger John Kotter returns to his hometown to find a squatter in the campground host house. He can't help wondering if Esme had anything to do with his father's disappearance last year, but he senses Esme has ghosts of her own. As a child, Esme was kidnapped and locked in a cold, dark basement. Her friends were rodents, insects, and the changeable terror that held her hostage. The only thing that kept her sane those nightmare years were her books. She's been on the run since her escape a few months ago, never expecting to find another bound spirit come back to life.

Crysis: Escalation Gavin G. Smith, 2013-02-21 To tie in to the massive new game CRYISIS 3, coming in February 2013 from EA, Gavin Smith has been signed up to write a selection of connected short stories that will explore and expand the game world. Gavin's futuristic and punchy fiction is a perfect fit for CRYISIS, and this will

be a delight for game-players and SF fans alike. With stories covering the fan favourite characters of Prophet, Psycho and Alcatraz, as well as introducing themes, enemies and weapons new to CRYISIS 3, this will be a vital part of the game experience. Punchy and kinetic, this is SF with steel at its heart.

*Navy SEAL Shooting* Chris Sajnog, 2016-06-06 Learn to shoot safely and effectively at home to protect yourself or your family. With easy-to-follow, step-by-step instructions and 385 illustrations, learn to plan your training, improve your accuracy and speed, shoot while moving, and clear malfunctions. Plus every manipulation needed for any semi-automatic pistol or rifle.

**Modern Combat Pistols** Anthony G. Williams, Maxim Popenker, 2007-05-01 Modern Combat Pistols provides a comprehensive account of the development of military and police semi-automatic pistols and their ammunition from 1945 to present day. It follows on from the same authors critically acclaimed Assault Rifle [Crowood 2004]. The first part of the book looks at defensive and offensive pistols, the difference between military and police pistols, and special-purpose weapons such as silenced and underwater pistols. The history of the handgun before 1945 is described, and there is an examination both of the development of

the semi-automatic pistol since 1945 and of future trends in pistol design. The second part of the book is divided up on a country-by-country basis. Each countrys section starts with a historical overview of pistol development in that country before giving a description and technical data for each individual weapon. Appendices cover technical aspects of semi-automatic and ammunition design.
