The Revolution According to Raymundo Mata Gina Apostol,2021-01-12 Revealing glimpses of the Philippine Revolution and the Filipino writer Jose Rizal emerge despite the worst efforts of feuding academics in Apostol’s hilariously erudite novel, which won the Philippine National Book Award. Gina Apostol’s riotous second novel takes the form of a memoir by one Raymundo Mata, a half-blind bookworm and revolutionary, tracing his childhood, his education in Manila, his love affairs, and his discovery of writer and fellow revolutionary, Jose Rizal. Mata’s 19th-century story is complicated by present-day foreword(s), afterword(s), and footnotes from three fiercely quarrelsome and comic voices: a nationalist editor, a neo-Freudian psychoanalyst critic, and a translator, Mimi C. Magsalin. In telling the contested and fragmentary story of Mata, Apostol finds new ways to depict the violence of the Spanish colonial era, and to reimagine the nation’s great writer, Jose Rizal, who was executed by the Spanish for his revolutionary activities, and is considered by many to be the father of Philippine independence. The Revolution According to Raymundo Mata offers an intoxicating blend of fact and fiction, uncovering lost histories while building dazzling, anarchic modes of narrative.

Rory Gallagher Marcus Connaughton,2012-09-07 Rory Gallagher is a hero and icon of rock music. He inspired guitar players from The Edge to Johnny Marr, Slash to Gary Moore, Johnny Fean to Philip Donnelly, Declan Sinnott to Brian May. He toured incessantly and sold over 30 million albums worldwide. Acknowledged as one of the world's leading guitarists, he collaborated with his boyhood hero Muddy Waters, and played with Jerry Lee Lewis, Albert King and Lonnie Donegan. In this compelling biography, contemporaries, fellow musicians, film maker Tony Palmer and Taste drummer John Wilson tell stories about Rory from his meteoric rise in the late 1960s with Taste to his remarkable solo career. This is a compelling testament to the musical life of a shy and retiring working-class hero, distinguished by his checked shirts and his astounding dexterity on acoustic and electric guitar – the guitarist and blues man who blazed a trail for others to follow.

Unchained Mind Ricardo G. Williams,2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinkingchains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

The Fraternitas Saturni Stephen E. Flowers,2018-06-19 The most in-depth work in English on the most influential secret magic group of 20th-century Germany, the Fraternitas Saturni, or Brotherhood of Saturn • Explores the history of the Order from its founding the late 1960s • Transcribes many rituals and practices in such detail that readers will be able to undertake their own experiential work • Examines the Order’s teachings on cosmology, the Kabbalah, the Saturnian Sacraments, electrical magic, and sexual mysticism--the Yoga of the Dark Light • Includes biographies of prominent members, including founder Gregor A. Gregorius, Karl Spiesberger (Frater Eratus), and Albin Grau (Master Pacitius) The most influential magical group in Germany during the 20th century, the Fraternitas Saturni, or Brotherhood of Saturn, is still the most active and important magical society in Germany today. But from its formal beginnings in 1926 in Weimar Berlin until around 1970 it was almost totally secret. Most of what is known about the Order in the English-speaking world is fragmentary and focuses exclusively on the sensational sex-magic practices and Luciferian tendencies of this magical lodge. Presenting the most in-depth work in English on the Fraternitas Saturni, Stephen Flowers examines the history of the Order from the mid-1920s to the late 1960s when the Order was fundamentally reformed. He details their path of initiation, secret doctrines, ritual practices, and magical formulas and offers biographies of the Order’s most prominent members, including founder Gregor A. Gregorius, Karl Spiesberger (Frater Eratus), Albin Grau (Master Pacitius), and Franz Saettler (Dr. Musallam). Exploring the Brotherhood’s guiding principles, he shows that at the heart of Saturnian ideology is the idea of Saturn-Gnosis: the interplay of opposing forces in the universe leading to the realization of the individual self as a god-like entity. He examines the Order’s teachings on cosmology, the Kabbalah, the Saturnian Sacraments, electrical magic, sexo-cosmology, sex-magic rites, and sexual mysticism--the Yoga of the Dark Light--and transcribes many of their actual rituals and practices, including the highly controversial Gradus Pentalphae, in such detail that readers will be able to undertake their own experiential work. Explaining the meanings of all 33 grades of the Order, the author also looks at the infamous Freemasonic Order of the Golden Centurium, the cult of Adonism, the links between Thelema and the Fraternitas Saturni, and the rare teachings of Master Pacitius (Albin Grau), the visual genius behind the film Nosferatu. He also includes rare reports by Aleister Crowley concerning his interaction with some of the forerunners to the Order and letters from the Order’s founder, Gregor A. Gregorius, to the “Great Beast.”

Dreams of Flesh and Sand W. T. Quick,1988-12 Double En, the most powerful corporation ever created, and its founders, Nakamura and Norton, are two of the most brilliant minds in history. But now they have launched a private war against each other and winner takes all. While Norton is hidden deep inside the heart of the Double En's mainframe, Nakamura is busy hiring the very best in computer warfare -- that's Iceberg Berg, master of security systems. No one can penetrate a barrier he has created, except for one woman, his ex-wife, Icebreaker Calley. No wall has ever been barred to her. Together again, they face the impossible task of separating Norton from his beloved matrix before the man becomes the computer and the computer becomes more powerful than anything humanity has ever seen.

Antoine of Oregon : A Story of the Oregon Trail James Otis,2013 Antoine of Oregon : A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to the call of the wild, and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast 4 portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.

Tree Shaker Bill Keller,2008 Without deifying its subject, this biography looks at the life of Nelson Mandela, placing his awe-inspiring political accomplishments into historical context for young readers.

The Gaunt Stranger Edgar Wallace,2022-11-22 This is a crime novel that tells the story of Ringer. Ringer, a notorious killer, long thought to be dead in Australia, returns to England seeking vengeance for his sister's death.

Maurice Meister, the criminal mastermind, is threatened by the Ringer. Detective Inspector Alan Wembury is involved in the investigation and, despite his disdain for Meister, tries to protect him. Sicily 1943 Steven J. Zaloga,2013-01-20 Not only did the Sicily operation represent a watershed in tactical development of combined arms tactics, it was also an important test for future Allied joint operations. Senior British commanders left the North African theater with a jaundiced and dismissive view of the combat capabilities of the inexperienced US Army after the debacle at Kasserine Pass in Tunisia in February 1943. Sicily was a demonstration that the US Army had rapidly learned its lessons and was now capable of fighting as a co-equal of the British Army. The Sicily campaign contained a measure of high drama as Patton took the reins of the Seventh US Army and bent the rules of the theater commander in a bold race to take Palermo on the northern Sicilian coast. When stiff German resistance halted Montgomery's main assault to Messina through the mountains, Patton was posed to be the first to reach the key Sicilian port and end the campaign. The Sicily campaign contains a fair amount of controversy as well including the disastrous problems with early airborne assaults and the Allied failure to seal the straits of Messina, allowing the Germans to withdraw many of their best forces.

Destructive Trends in Mental Health Rogers H. Wright,Nicholas A. Cummings,2013-01-22 This book takes as its inspiration the assumption that the atmosphere of intellectual openness, scientific inquiry, aspiration towards diversity, and freedom from political pressure that once flourished in the American Psychological Association has been eclipsed by an ultra-liberal agenda, in which voices of dissent, controversial points of view, and minority groups are intimidated, ridiculed and censored. Chapters written by established and revered practitioners explore these important issues within the contexts of social change, the ways in which mental health services providers view themselves and their products, and various economic factors that have affected healthcare cost structure and delivery. In short, this book is intended to help consumers, practitioners, and policy makers to become better educated about a variety of recent issues and trends that have significantly changed the mental health fields.
